

MTL Arena

Samara, Russia

KI who offer commercial office interior product solutions to the Leisure, Business, Education, Government and Healthcare markets, have supplied Matrix Chairs to the MTL Arena in Samara, Russia, home for the Women's Professional Basketball Team of the Samara State Aerospace University.

Lightweight and robust, Matrix is an outstanding stacking chair, constructed from a solid steel rod frame available in chrome or a variety of durable painted finishes. The seat and back is available in beech plywood or 19 colours of polypropylene. The steel rod frame has exceptional durability which is backed by a 10 year warranty.

The 500 Matrix chairs from KI chosen for MTL Arena have green polypropylene seats and backs with glides and an integrated ganging device. Matrix chairs are also available with upholstered seat and back, removable writing tablets, armrests in polypropylene or beech, integral ganging and chair numbering.

Up to 45 Matrix chairs may be stacked in an area of 580mmx970mm which makes it ideal for the sports arena where versatility of space is required.
